All this over a stupid tattoo? This CAN'T be legal. Can't let my peers see.

Going through the main hall is NOT an option. Maybe I can sneak through the window.

I hope I can find something I can wear.

Come on. Give me Some thing.

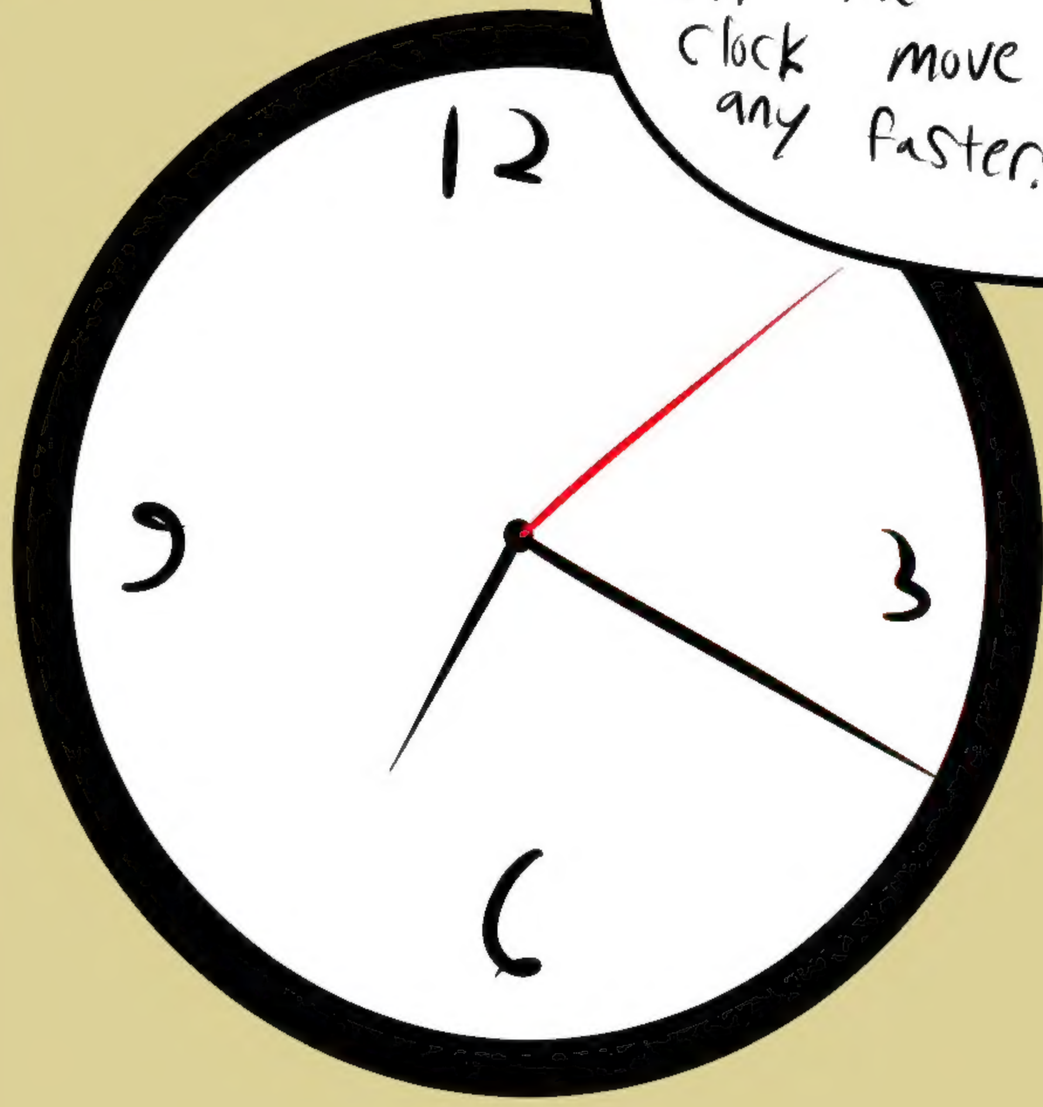
Please don't notice. Please don't notice.

Please, PLEASE don't notice I'm naked.

How long do I have to stay like this?

Another 48 minutes. Can't the clock move any faster?



Hey, Clair, do you have a pencil I can borr..

HERE! NOW LEAVE ME ALONE!

That was too close. I can barely last 7 minutes let alone 7 hours.

I made it. I made it a full class and no one noticed.
But that was one class. I still have to survive 5 more.

Well the halls are definitely not an option.

Time to crawl out of the window again.

That hiding in the corner trick is probably not gonna work a second time. I need to come up with something new.

That art class probably has something that could help.

I hope this comic has a happy ending. I can't stand this embarrassment much longer.
